

SMS Reload –Premium IDD Calls

We are pleased to inform you that you can now choose to reload your account using our SMS reload service.

There are now three options to pay by credit card :-

- 1) SMS Reload Only 2) SMS Reload / Auto Reload 3) Through our website

In option one, our system will only reload when it received your SMS to reload.

In option two, our system will auto reload when it reached the minimum balance or reload whenever it received your SMS to reload.

How to use the service:

1. Please fill up the attached form and return it to us.
2. Once your mobile phone number is registered with us you can start to do SMS reload. You only need to type SMS message with the alphabet ‘r’ and send it to our SMS reload server number **012-2331420**.
3. Wait for about 1-5 minutes, you will receive a SMS to confirm whether the reload is successful. If the reload is not successful you will also receive a reply.

Please note that the server will only reload if the SMS is from a registered “mobile phone number.”
